

Javier Eduardo Serrano Alvarado

Web Developer Jr

ABOUT ME

I'm Software Development student and self-taught programmer. I want to use technologies to connect people. My vision is to create emotions in the people that they will see any page that I have built using my web skills. Enthusiastic geek and fan of Asian culture.

PROFESSIONAL EXPERIENCE

Easter Egg

GENERATION MEXICO
2021 - 2021

Social network of videogames. I designed the idea and the mockup. I also created the functions. I used these technologies: Bootstrap, (frontend) and Spring Book (backend).
